New cupboards?

Create a new character to the interior of your house. Modern, classic, custom or standard handles and knobs go a long way to enhancing your doors and cupboards and creating your desired ambience.

Building?

Add the finishing touch. Add value to a home, hotel or housing development with the smallest investment. Add a new set of handles or knobs to your cupboards and see the difference for yourself.

Renovating?

It's all in the detail. Revitalise old cupboards or doors, add a handle or knob and see the transformation it brings.

Cabinet making?

For a professional finish to cupboards, doors, kists or cabinets you know that creating the perfect finish relies on attention to detail. Ask us about our custom design knobs and handles made to your specifications and becoming your unique signature to your craft.

MISSION

Dito Handles and Knobs mission is to supply consistently superior quality products (custom designed or off-the-shelf selected ranges) that provides the best value.

PHILOSOPHY

We take great pride in the fact that our designs can evoke classic memories or inspire the most modern fashions. Our speciality is cast metal knobs and handles including custom designs that are only limited by your imagination. Dito Handles and Knobs can be cast in virtually any shape.

History

While the techniques our craftsmen use have evolved over centuries Dito has been manufacturing handles and knobs for the South African furniture industry since 2006.

Location

We are proud that every piece is designed and manufactured at the tip of Africa. Our range includes classic and modern designs with an international heritage as well as our "Cast in Africa" series that is uniquely African and exclusively produced by us.

Distribution

We will ship anywhere. Shipping / delivery costs outside of Cape Town will be factored into any quotes. We will advise you as to the most cost effective delivery available to you. Timing is obviously subject to the size of the order, availability and if the order requires custom design.

Capacity

No order is too small or large. Of course custom designs have a fixed setup cost which is simply amortised into the total cost. We believe our prices are very competitive.

Clients

Our clients include Architects, Cabinet Makers, Furniture Manufacturers, Kitchen Designers, Interior Decorators, Retailers, Property Developers and Private Clients throughout South Africa and beyond.

Classic Range

Classy timeless designs. These handles are based on classic European designs that have stood the test of time for centuries. They add elegance to any home.
